YES

THEN ASK: In the past 14 days, have you or someone you've been in contact with:

- **Maintain a 2meter distance**
- **Clean hands with sanitizer**
- **PROVIDE A MASK**

- Travelled outside of Canada
- Been in close contact with any ill persons with respiratory symptoms (cough, runny nose, sore throat, shortness of breath) that travelled?
- Been exposed to individuals known to have COVID-19
- Been exposed to laboratory samples known to contain COVID-19

NO **but proceed with mask**

YES

NOTIFY INFECTION PREVENTION AND CONTROL OFFICER

Instruct patient to go to **DESIGNATED AREA**

Infection Control Considerations:

1. Mask¹ index case & accompanying persons;
2. Enhanced "Droplet & Contact" precautions;
3. Effect segregation (2m) / Isolation in a single room;
4. Staff: actions:
 - i. Hand hygiene (5 moments)
 - a. Before touching patient,
 - b. Before clean/aseptic procedures,
 - c. After body fluid exposure,
 - d. After touching patient,
 - e. After touching patient's environment.
 - ii. PPE² for close contact ³(Gown, gloves, mask, and eye-protection as appropriate).
