1. Ask all persons entering to use ABHR
2. Determine reason for visit
3. If a healthcare provider, physician or first responder, request to confirm via their name tag/badge.
4. Ask if they were referred:
   a) By Health Links OR
   b) By provider direct referral
   (NOTE: if patient does not meet below criteria, they must provide name of provider AND reason they were referred for testing.)

**Screen individuals with acute respiratory illness of any degree of severity. Staff asks in the past 14 days have you:**
- Returned from travel, including outside Manitoba; OR
- Had exposure* to a confirmed case of COVID-19; OR
- Had laboratory exposure working directly with biological specimens that contain COVID-19 OR
- Are you a worker or volunteer in essential services+, including health care worker or first responder?  
- Are you symptomatic and do you live with a health care worker, first responder or worker in a congregate setting such as correctional facility, shelter, long-term care facility or residential facility?  
- Are you a resident or worker in a remote or isolated community or congregate setting, such as a correctional facility, shelter, long-term care or residential facility, or a remote work camp?  

*Screening criteria are intended to supplement clinical judgement, not supersede it. Exposure criteria are intended to supplement clinical judgement, not supersede it.  

**First responders include police, firefighters and paramedics.**  

+Essential services are those workplaces permitted to remain open during the shutdown of non-essential workplaces mandated by Public Health orders.
