

## **Health Care Workers are Urgently Needed in our Fight against COVID-19**

If you are looking for a change or a way to support your community's response to the pandemic, paid opportunities exist for you!

Positions are available in a variety of roles and settings across the province where your skills will make you an essential support in our fight against COVID-19. Applying is easy and you will be given opportunities that fit your skills, interest and availability.

**Your health and safety are top priorities.** Every precaution is being taken and all staff will be provided with the necessary education, orientation and personal protective equipment for your role.

If you have a passion for public health, if you have a calming/reassuring presence with patients/residents/client or if you are simply looking for a way to help then we want to hear from YOU!

Opportunities exist both in **direct care**, offering support to our most vulnerable citizens or acting in various roles at COVID-19 Testing Sites or Alternate Isolation Accommodation sites and **behind-the-scenes** performing tasks including contact tracing or providing information to the public at Health Links-Info Santé.

Staff from all health care disciplines are invited to apply, including current and former nurses and others such as:

Health Care Aides	Dietitians
Nurses (RN, RPN, LPN, OHN, etc.)	Spiritual Health Providers
Occupational Therapists	Recreation staff
Physiotherapists	Speech Language Pathologists
Social Workers	Physician Assistants
Clinical Nutritionists	Clinical Assistants

Outbreak protocols in place at each of our sites for seasonal and common illness as well as for COVID-19. This includes daily staff screening, visitor restrictions and enhanced environmental cleaning and disinfection.

For individuals interested in supporting work at Long Term Care facilities, please be assured that every Personal Care Home with confirmed resident and/or staff cases of COVID-19 have additional safety measures in place including outbreak protocols and limited or paused new admissions as necessary.

“We are in the midst of unprecedented, challenging times. It’s important to remember what motivated us to choose a career in health care. Each of us chose a career in caring to help and to make a difference. Years from now, when 2020 is a distant memory and we look back on this pandemic, I want each of us to be able to reflect on the efforts we made together to ensure the best possible care for those who needed us the most.”

*-Lanette Siragusa, Provincial lead, health system integration, quality/chief nursing officer, Shared Health – view Lanette’s in person request here:*
