_____ is a Peritoneal Dialysis patient in our program, who currently performs daily life sustaining dialysis treatments in their own home.

These dialysis supplies are delivered by our distributor, Baxter, on regular intervals to the patient's home to ensure they always have stock available. If these scheduled deliveries are not allowed, the patient's life may be threatened.

If you have any questions or concerns, please do not hesitate to contact me through the Kidney Health Clinic at (204) 632-3454.
